Santhrupthi S

Undergraduate Student– Bachelor of Engineering in Computer Science

EDUCATION

Bachelor of Engineering In CS – 7.77

Cauvery Institute of Technology
2022 – 2026

Currently pursuing an engineering degree with a strong focus on developing technical skill.

–57%

Anikethana PU College
2020 – 2022

Completed higher secondary education with PCMB under the Karnataka State Board.

–70%

Anikethana high school
2019 – 2022

Completed secondary education with a strong academic record and consistent performance

SKILLS

- >Python
- >HTML CSS JS
- >Web Development

SOFT SKILLS

- > Communication
- > Time Management
- > Problem-Solving

LANGUAGE

English Advance Level
Kannada Advance Level

PROFILE

Highly motivated and technically proficient Computer Science undergraduate with a strong foundation in programming and problem-solving. Demonstrates excellent analytical and problem-solving skills, with hands-on experience in academic projects and team-based collaborations. Actively seeking opportunities to contribute to innovative technology solutions in a dynamic organization.

PROJECTS

3D SolarSystem

March 2024 – November 2024

Designed a 3D solar system model using HTML, CSS, and JavaScript to visualize planetary motion. Simulated rotation and revolution of planets using animations and event-driven scripting. Focused on visual clarity and user interaction.

Live Monitoring of Diabetic Foot Ulcer using IOT and Cloud

February 2025 – Ongoing

Developed an IoT-based system for real-time monitoring of diabetic foot ulcers to prevent complications. Integrated temperature, pressure, and humidity sensors to collect patient data, which is transmitted to a cloud platform for storage and analysis. Enabled live alerts and remote access for healthcare professionals to support early diagnosis and continuous monitoring.

CERTIFICATE

Decision Trees using Python

Introduction to Artificial Intelligence

Software Engineering and Agile Software development

Learning Microsoft 365 Copilot and Business Chat
